

ONE PLATFORM. UNLIMITED POSSIBILITIES.

LifeGraph® by BurstIQ is a cutting-edge data management platform that delivers end-to-end capabilities to help you solve today's data needs and build a future-ready business.

DATA EXCHANGE LAYER

Streamline enterprise-wide metadata tracking and management with auto dictionary features.

Build trust through next-gen security, privacy, and person-owned data.

LifeGraph takes the complexity out of data management.

Eliminate point-to-point integrations and connect data from diverse sources through adaptive APIs.
