STORY & BIO:

COPY-PASTE COMPANY WRITE-UP:

The following section was written to enable anyone to copy-paste a write-up that most accurately, and most concisely captures our company, and our solution. Please do not alter.

About LifeGraph:

LifeGraph® by BurstIQ redefines the potential of organizational data. This next-generation data platform integrates advanced data management, privacy-enhancing technology, and knowledge graphs, transforming data into your organization's ultimate superpower. Eliminate silos with a single, secure source of truth. LifeGraph reveals hidden connections within complex data sets, aligning with human and machine thinking for easier and more insightful analysis and powerful collaboration.

Organizations use LifeGraph to elevate legacy data lakes and warehouses into dynamic, secure, and person-centric data ecosystems that deliver value to everyone involved. With LifeGraph you can quickly address today's problems and business initiatives, and ignite the spark of innovation to help your organization not only keep pace but set the tempo for the future.

COMPANY FACTS:

- BurstIQ was founded by Frank Ricotta and Brian Jackson in 2015 in Denver, CO.
- Our office is located in Englewood, CO.
- We have 30 employees spread out over the US and Canada - including Colorado, Florida, and Vancouver

GENERAL INFORMATION:

Proper Spelling: BurstIQ

BurstIQ is spelled in title case with a unique, uppercase "I" and an uppercase "Q".

Note: The name should only appear completely lowercase if written as part of the domain, such as, "burstiq.com".

Proper Spelling: LifeGraph®

LifeGraph is a registered trademark of BurstIQ. LifeGraph is a single word, spelled in title case, with a unique uppercase "G" for Graph.

Note: The registered symbol only needs to appear with the first instance of "LifeGraph". In all other instances the registered symbol is unnecessary.
